

## Revit API Round Table: Meet the Champions

Jeremy Tammik – Autodesk

**CP4109** Interact with a panel of Revit API experts from Autodesk to answer your questions and discuss all relevant topics of your choice. If you are writing add-ins for Revit, then this is the perfect forum to get to know the people who shape the APIs you work with better and explain your views, ideas and problems directly face to face. Please note that prior .NET programming and Revit programming experience is required and that this class is not suitable for beginners.

### Learning Objectives

At the end of this class, you will have

- Interacted with a panel of Autodesk Revit API experts
- Asked questions and discussed topics of your choice
- Got to know the people who shape the APIs you work with better
- Explained your views, ideas and problems directly face to face

### About the Speaker

Jeremy is a member of the AEC workgroup of the Autodesk Developer Network ADN team, providing developer support, training, conference presentations, and blogging on the Revit API.

He joined Autodesk in 1988 as the technology evangelist responsible for European developer support to lecture, consult, and support AutoCAD application developers in Europe, the United States, Australia, and Africa. He was a co-founder of ADGE, the AutoCAD Developer Group Europe, and a prolific author on AutoCAD application development. He left Autodesk in 1994 to work as an HVAC application developer, and then rejoined the company in 2005.

Jeremy graduated in mathematics and physics in Germany, worked as a teacher and translator, then as a C++ programmer on early GUI and multitasking projects. He is fluent in six European languages, vegetarian, has four kids, plays the flute, likes reading, travelling, theatre improvisation, carpentry, and loves mountains, oceans, sports, and especially climbing.
